B&CSCO 2026 CLASS

Edward S. Harkness Eye Institute

2027 BASIC & CLINICAL SCIENCE COURSE IN OPHTHALMOLOGY

January 4 – January 29, 2027
New York, New York

COLUMBIA OPHTHALMOLOGY

COLUMBIA UNIVERSITY
DEPARTMENT OF OPHTHALMOLOGY

NewYork-Presbyterian

Developed by an expert program committee of active scientists and practicing clinicians, the basic & clinical science course at the Edward S. Harkness Eye Institute at Columbia University offers residents and vision scientists a deep dive into the most recent scientific advances in Ophthalmology.

Since 1941, Columbia's Basic & Clinical Science Course in Ophthalmology has drawn leading experts who are globally recognized for their contributions to science and medicine. This course provides a solid foundation in ophthalmic fundamentals and cutting-edge developments for both early-career residents and fellows, plus basic scientists in ophthalmology and vision science. The course will emphasize translation of basic science principles into patient care while building knowledge across the spectrum of ophthalmic subspecialities.

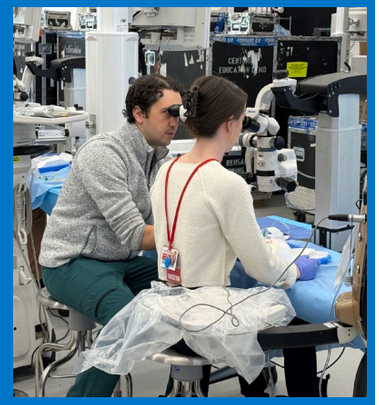

Accreditation Statement

The Columbia University Vagelos College of Physicians and Surgeons is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

AMA CREDIT DESIGNATION STATEMENT

The Columbia University Vagelos College of Physicians and Surgeons designates this live activity for a maximum of 149 *AMA PRA Category 1 Credits*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
