B&CSCO 2025 CLASS

 COLUMBIA
OPHTHALMOLOGY

COLUMBIA UNIVERSITY
DEPARTMENT OF OPHTHALMOLOGY

 NewYork-Presbyterian

Developed by a committee of world renowned scientists and practicing clinicians, the basic & clinical science course in the Edward S. Harkness Eye Institute at the Columbia University

Department of Ophthalmology offers residents and vision scientists a deep dive into the most recent scientific advances in Ophthalmology.

The curriculum examines the fundamentals of vision and emphasizes how these basic principles relate to patient care. Since 1941, the Basic & Clinical Science Course in Ophthalmology has drawn leading experts who are nationally and internationally recognized for their contributions to science. While the focus of the course is resident training, it has also proven useful for the visual sciences community as a whole.
